COMBAT ARTS

TRAINING REQUIREMENTS

"We know each student who contacts us will have different requirements as well as different aims and objectives. Our goal is to help connect each of them to the right school or master in order to best meet those requirements."
- David Kelly

StudyMartialArts.Org began when a group of international Martial Arts Students recognised there was a lack of reliable information on martial arts schools in China.

The Study Martial Arts Project was born out of this need and has been an expression of gratitude and love for the arts ever since.

The founders of Study Martial Arts are Rhyn Nasser and David Kelly who quickly brought in a fellow martial arts brother Fane Hervey to help with the growing demands placed on the team.

When the SMA team begun working on this project none of them new how quickly it would become a part of their life's work. All are passionate and enthusiastic about the power that travel combined with martial arts training has for individual self development, empowerment and of course adventure.

Rhyn Nasser - Traveling throughout Asia has visited numerous masters and schools. He has also personally taught 100's of martial arts students and travellers qigong and martial arts and currently specialises in our signature Kung Fu Cultural Tours. "With our tours each person experiences a journey not just in terms of miles covered but an inspirational journey of the mind, body and

soul, leaving participants more connected and inspired than they were before. Our team is passionate about seeing our participants make the most out of their journey in China and in their lives. This is our commitment and I look forward to connecting with you." - Rhyn

David Kelly - Is our expert based in Beijing and the Chinese Mainland - "Since starting this project we've helped 100's of martial arts students and adventure travelers navigate through the treacherous waters of finding the right kung fu master or school. I provide consultations on training, travel and getting by in China to all our SMA students. I listen to their aims and objectives and provide them with the right independent information. This is the key and its what sets us apart. Our mission is to promote martial arts world wide and provide quality study, travel and training experiences related to martial arts." - David

Fane Hervey - Based in London, leading our SMA UK branch. Fane is passionate and single minded about martial arts. He is a corrective exercise specialist, a qualified personal trainer, acupressure and tui'na therapist as well as a 5 Dan in Bujinkan Ninjutsu and the top disciple of Grandmaster Chen Fusheng. His passion for the arts has lead him down a path of training and self discipline. Studying in both Japan and China.
